Statement of Objectives

St. Catherine's Pre-school is designed to provide a complete school readiness within a Christian environment based on Catholic beliefs. Special emphasis is devoted to the spiritual, intellectual, physical, social and emotional growth of your child. Our educational program is presented in an exciting, creative and comfortable atmosphere. We believe in learning through discovery. Opportunities are provided for meaningful play that is based on your child's individual needs, interests and abilities.

Our program is designed to provide many positive experiences that will allow each child to grow and enjoy his/her accomplishments while we attempt to discover and remediate any areas of concern. Our program is a result of our education, knowledge, experience, and love of the young child. We are certified through the Diocese of Pittsburgh.

St. Catherine's Pre-school offers language/reasoning experiences, science, alphabet and numbers, painting, crafts, music, creative cooking, active and quiet play, movement, social development, listening skills and much more. All these are incorporated in units such as wonderful me, community helpers, transportation, seasons, senses, outer space, our special gifts and talents, nature, etc. The program is enhanced through guest speakers and field trips. We are continually updating and evaluating early childhood needs and goals and understand that every child develops at his/her own individual pace. Our program is designed accordingly.

Because we are a Catholic pre-school, our program revolves around the theme that each child is a precious gift from our loving Father. The pre-school religious education program is based on the Sunday lectionary. Through bible stories, songs and fingerplays, your child learns about God's love and begins an introduction to Catholic concepts. Our children also participate in several short liturgical presentations.

We believe a loving atmosphere will encourage your child to grow not only in self-esteem, but also in respect and love for one another.
